THE DIRECTOR OF CENTRAL INTELLIGENCE

WASHINGTON, D. C. 20505

14 DEC 1973

Vice Admiral Vincent P. de Poix, USN  
Director, Defense Intelligence Agency  
Washington, D.C. 20301

Dear Vince:

This is in response to your memorandum of 3 December concerning arrangements for providing sanitized T-KH information to military components

25X1

I fully realize that more and more of the intelligence necessary for joint planning is derived exclusively from satellite photography. I agree that you should continue to authorize the extraction and provision of specific parts of DIA-originated documents under the policies and guidelines set forth in DCID 1/7 and NDP-1/3 and the procedures required by COMOR-D-7/44. I would only add that the volume of material provided should be held to the minimum really necessary for military planning and that the intelligence authorized for release not be attributed to the sources of our information.

Sincerely,

/s/ Bill
